Dear Member:

The payment account that you added in Webster Bill Pay on 04/02/2009 needs to be confirmed. For your reference, the account you added is XXX.

As part of the confirmation process, we sent two small deposits and made one withdrawal (the sum of the two deposits) from the payment account you added. These transactions should appear in your current statement from your financial institution within 2-3 business days. To confirm your payment account:

1. Find out from your financial institution the amount of the deposits we used to confirm your account. You can do this by:
 - * Viewing your statement online at your financial institution's Web site.
 - * Calling your financial institution.
 - * Looking at the statement that you get in the mail.

The deposits and withdrawal have ACCTCONFIRM in the transaction description. If these transactions do not appear on your statement within 2-3 business days, please verify the payment account information you entered in Webster Bill Pay. If the account information is incorrect, add a new payment account with the correct information and delete the incorrect payment account. The confirmation deposits and withdrawal will appear in the new account within 2-3 business days.

2. Sign in to Webster Bill Pay to access your online bill payment service.
3. On the My Accounts page, click Unconfirmed next to the payment account that is unconfirmed.
4. On the Confirm Account page, type the deposit amounts in the two text boxes. Please note that for security purposes, you will have a limited number of chances to type the exact deposit amounts.

Take me directly to the My Accounts page: <https://cw411.checkfreeweb.com/cw411/wps?rq=ma&sp=11324>

Why confirm your payment account?

- * It increases security. When you type the confirmation deposit amounts in Webster Bill Pay, which is information only an authorized user would have access to, you confirm that you are a legitimate user of the payment account.
- * You will be able to use all the features and functionality available in Webster Bill Pay.
- * Your payment limits will be re-evaluated and are usually increased.

Please do not reply to this message. You can see more details about your online bill payment service on the My Accounts page. If you have any questions, please contact us through mailto: membercare@webpay-service.com. You may also call us at 888-908-7603.
